Why Austria?

- ✓ Austria has comparatively **good relations and close ties to Russia/CIS**, both from a political and an economic situation, and a **political climate supportive of investments from Russia/CIS**, which is a very decisive and favourable factor
- ✓ A **very competitive tax regime** in comparison with other EU countries of a similar credit rating
- ✓ A beautiful country with **huge business potential and opportunities** (especially, due to the Brexit)
- ✓ High level of social **security, education and recreational infrastructure**
